reuters.com

Reuters — 2026-08-10 02:22

Gold drifted near a seven-week high, supported by buying momentum, as traders positioned ahead of key US inflation data that could affect interest rate expectations and the dollar.

4. Wall Street ends down as expectations of Hormuz deal fade - Reuters

Reuters — 2026-08-10 20:22

Wall Street ended lower as expectations for a diplomatic deal to ease tensions in the Strait of Hormuz faded, adding to investor concerns over potential supply disruptions and inflation.

5. Trump demands Iran pay compensation for deaths as Hormuz deal hopes fade -

Reuters

Reuters — 2026-08-09 23:03

US President Trump demanded that Iran pay compensation for deaths and injuries caused by its actions, as hopes for a Hormuz deal diminished, keeping geopolitical risk elevated in oil markets.

6. **Trump says Iran must pay compensation for those it has killed and wounded - Reuters**

Reuters — 2026-08-10 17:13

Trump reiterated that Iran must compensate victims of its attacks, reinforcing a hardline stance that reduced prospects for near-term de-escalation and supported oil prices.

7. **China is balancing Asia's crude oil demand by itself - Reuters**

Reuters — 2026-08-10 02:12

China is single-handedly balancing Asia's crude oil demand, as its import levels offset weaker consumption elsewhere in the region, providing a key support for global oil prices.

8. **Iran says no reason to fear Pakistan-Turkey-Saudi security pact - Reuters**

Reuters — 2026-08-10 09:21

Iran downplayed the significance of a new security pact among Pakistan, Turkey, and Saudi Arabia, signaling no immediate threat to regional dynamics or oil supply routes.

9. **Taiwan 'throttles' mobile internet for first time during annual war games - Reuters**

Reuters — 2026-08-10 00:39

Taiwan throttled mobile internet for the first time during its annual war games, a move that highlights heightened geopolitical tensions with China but has no direct market impact.

10. **Santoli: Stocks return to their winning ways. But was July's brief pain enough to satisfy the market gods?**

CNBC — 2026-08-10 10:43

Stocks returned to record highs, with the S&P 500 rising above 7750 after a weak jobs report eased fears of Fed rate hikes, though historical data suggests investors should still expect periodic losses and potential 'lost decades'.

Major Anomalies

SLV — Silver ETF +2.95%

Cause: Silver followed gold's upward move, benefiting from its status as a precious metal and industrial metal amid geopolitical uncertainty.

Forward Impact: Silver's outlook is tied to both safe-haven flows and industrial demand, so it may be more volatile than gold.

GLD — Gold ETF +2.26%

Cause: Gold prices rose as geopolitical tensions in the Middle East, particularly around Iran, increased safe-haven demand.

Forward Impact: If tensions persist, gold may continue to rally, but any de-escalation could lead to a pullback.
