- **Healthcare** — Strong positive returns across 1d, 5d, and 1m, with accelerating momentum
- **Financials** — Consistent gains across all timeframes, supported by rising interest rates
- **Utilities** — Defensive appeal with solid 1d and 1m performance, despite slight 5d dip

Cold but Worth Watching

- **Technology** — Sharp 1d and 1m declines, but 5d shows some stabilization; potential for mean reversion if growth fears ease
- **Energy** — Negative 5d and 1m, but 1d positive; oversold conditions may attract bargain hunters
